Note to: Director of Security

Subject: Memo of Understanding

Jim

    I have reviewed and edited the draft MOU that we have been passing back and forth. I have signed the attached copy and the Implementation Plan. If you don't buy it I'm sure you won't sign.

    Let me repeat, my concerns are two:

    I am a strong believer that all of us have to work the security problem. It is not a topic left to OS, particularly in a field as complicated as computer security. Thus, I reflect in the draft MOU our mutual involvement in the security issue. It is not a matter of one delegating to another!

    I don't care who "owns" the positions (slots). This apparently is an important issue to OS so in the draft MOU we return the positions to OS. What is key to me is that skilled computer security specialists are in the positions working in OIT.
    I hope this is our final exchange. Happy New Year!!!!

        Secretary GS-7

        Auditing and Education Branch

                GS-13/14 Chief
                GS-
                GS-
                GS

        Operations and Engineering Branch

        GS-13/14 Chief, also assigned to OIT/General
        Operations Group

        GS-   Assigned to OIT/Engineering Services Group

        GS-   Assigned to OIT/Network Systems Engineering
                    Group
        GS-   Assigned to OIT/National Systems Group

        GS-   Assigned to OIT/Management Information Systems
                    Group

        GS-   Assigned to OIT/New Building Communications
                    Project Staff

        GS-   Assigned to OIT/Architecture and Engineering
   Staff

    5. Nothing in this implementation plan prohibits the D/OIT from placing
additional positions in OIT/Computer Security Group or staffing positions in this
Group with MZ careerists if OS is unable to do so.
